This performance is believed to have bettered the existing record of the model aircraft as described below. In reporting this performance, all the pertinent official AMA regulations have been complied with.

This form **MUST** be filed by either the flier or the Contest Director within fourteen (14) days following the date of the performance. If submitted by the flier, endorsement by the Contest Director will eliminate delays. See official rules for classification date. All applicable data must be provided. The report form must be accompanied by a three-view sketch of the model when it is a non-kit design, with all pertinent dimensions and material notes attesting that the model meets the rules. Also, any novel mechanical or aerodynamic features should be noted. This data is to be used for checking purposes by the Contest Board. It will be filed in the records of the Academy of Model Aeronautics and may appear in Academy publications. Submission of the data will in no way interfere with the rights of the designer. Failure to comply with any of these requirements will be considered sufficient cause for rejection of the report by the Contest Board.
